NEO FOLLICLE TRANSPLANT (NFT)

Neo Trico Analysis

Neo Trico Analysis is to examine your scalp and hair condition and recommend you the most appropriate procedure to give you the complete results.

Neo Follicle Transplant

It is an art of combining the knowledge of the facial proportions, hair and scalp anatomy, the skills of the surgeon's hands and eyes to the finest details.

Neo Growth Factor Concentrate (GFC)

By using Your own Blood, the GFC treatment uses high concentrate of growth factor derived from platelets for hair growth stimulation and rejuvenation.

Neo Platelet Rich Plasma (PRP)

In PRP we use the essential growth factors from your own platelet with blood cell to stimulate natural hair growth through a process known as bio-revitalization

Neo Beard Restoration

Mustache and Beard restoration at NFT is a permanent and natural way to get a complete dense beard and mustache

Neo Laser Therapy

Neo Laser Therapy is a preventive treatment for people from hair loss and hair thinning, by using Low Level Laser Therapy (LLLT)

Neo Scalp Micro-Pigmentation (MPG)

Scalp Micro-Pigmentation is a non-invasive clinical procedure that uses the most advanced micro-needles to produce pigments (ink marks) into the scalp.

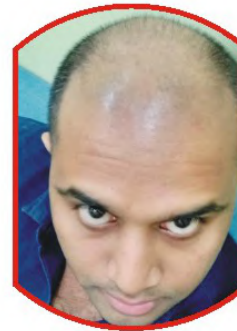

Neo Eyebrow Restoration

An eyebrow restoration at NFT is a permanent and natural way to preserve you natural beauty. Our eyebrow restoration is designed for women who want to restore completely missing eyebrows or even recreate density and shape.

Neo Cosmetic Hair Replacement
